

# An Overview of Special Children's Programs

Along with our primary children's ministries, there are several other outreach events that *CEF* offers, including:

## Fair Ministry / Neighborhood Events

Volunteers occasionally do open air evangelism with the Wordless Book. Children learn the gospel through a series of colors - each color representing a truth about the way of salvation. County Fairs, block parties, family fun days, etc. are great places to share the 10-15 minute story with small groups. If you are interested in more information about using this evangelistic tool, [contact us](#) and we'll give you the details.

## Party Club / Special Events

Christmas, Easter, and other holidays are excellent times for children to gather together for a party. *CEF* has material available to conduct an evangelistic party club. It is an opportunity for Christian children to invite their friends to hear the good news. The host family invites the children to the special event. A story, songs, and games fill approximately 1 hour. [Contact us](#) for more information.
