

## Where to begin.....

1. Identify the **TARGET** area in your community

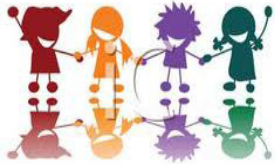

**VBS ON THE ROAD**

2. Involve your church family in reaching the community through:  
**PRAYER / PROMOTION / PARTICIPATION**

3. Impact the children of your community in one week

- 5-Day Club® at 3 locations selected by the church
- 90 minutes of learning and fun focused on the Bible
- Children and families become acquainted with your church

4. Initiate a *Good News Club* in your community

- Your members bring the Good News into the public school
- CEF has the tools to get you started and keep you going
- CEF has the training to equip and support this outreach

## A Partnership TEAM takes VBS on the Road

For over 70 years, Child Evangelism Fellowship® has been partnering with local, Bible-believing churches to fulfill its purpose of evangelizing boys and girls, discipling them in the Word of God, and establishing them in churches within their communities. CEF is the largest children's ministry in the world - sharing the Gospel in more than 180 countries, touching over 13 million lives annually. CEF of Southeast Wisconsin is focused on bringing the gospel to children in your local communities.

Child Evangelism Fellowship offers churches time-tested and proven methods to build bridges within your communities. CEF provides the training, the tools and the team to help your church launch and sustain ongoing evangelism and discipleship in the neighborhood around your church.

CEF summer ministry programs, in recent years, have reached 1500-2000 children with the gospel message in Southeast Wisconsin. This has been done successfully through partnerships with local churches but we would like to expand by building new partnerships in more communities.

A summer partnership with CEF can be the foundation to establishing weekly clubs in the public schools, connecting the church and its people with the community. During any given school year, over 6000 clubs meet weekly across the country in schools and community locations. Imagine the impact your partnership with CEF can have in your community.
